

2020 Ecocamp Driving Directions

We are about 10 miles east of Dayton, Ohio and 70 miles west of Columbus, Ohio. We are on the northeast side of the small town of Yellow Springs.

From the Northwest:

Drive south on Interstate 75 till you get to the north edge of the Dayton metro area. Exit Interstate 75 and take Interstate 70 to the east. Stay on 70 until you get to the exit for Rt. 68 South (exit 52). The sign will also say Xenia.

Driving south on S.R. 68 you travel about 6-7 miles. Just before you get into the town of Yellow Springs Ohio, State Route 343 will turn to the left (east). Yep, turn left on 343. (If you pass it, you will end up in Yellow Springs. Just turn around – head north back out of town and turn right this time on 343.) Take a look at final step on the next page.

From the Northeast:

Drive west on Interstate 70 until you come to the exit for Route 68 South. The exit number is 52 and will also say Xenia.

Driving south on S.R. 68 you travel about 6-7 miles. Just before you get into the town of Yellow Springs Ohio, State Route 343 will turn to the left (east). Yep, turn left on 343. (If you pass it, you will end up in Yellow Springs right away. Just turn around in town – head north back out of town and turn right this time on 343.) Take a look at final step on the next page.

From the Southwest:

Proceed north on Interstate 75. At the south edge of the Dayton Area exit 75 onto Interstate 675 North. Follow 675 north. You'll be on that road for about 25 minutes. You want to exit 675 onto Dayton Yellow Springs Road. At the exit ramp turn right (east). Drive east on Dayton Yellow Springs Road for probably 7-8 miles. You will run right into Yellow Springs. Follow the road all the way into town. It will "T" (dead end) into State Route 68 at the very north edge of Yellow Springs.

Turn left (north) onto 68 and go across the bridge and up the hill (only a couple of hundred yards/meters). As you are coming up the hill you will see State Route 343 turning to the right. Turn right on 343. Take a look at final step on the next page.

From the Southeast:

Take a good look at the map. There are many State Routes coming northwest toward Dayton area (68-72-35 and others). I recommend heading toward a medium sized town called Xenia. Once in Xenia find State Route 68 and drive north on it. It's about 7-8 miles from Yellow Springs. Drive north through Yellow Springs on 68 and at the north edge of town turn to the right (east) on State Route 343. See the final step below.

Final Step:

Now you are really close!

You don't go very far on 343 – just up the hill and partly around the curve. Glen Helen Outdoor Education Center is the second driveway on your right (south). You'll see the large "Glen Helen Outdoor Education Center" sign. Turn in and come down the gravel lane. Once you are on our lane – take the turn to the left and follow it all the way back to our Dining Hall – Lodge buildings. At the far end of the loop you'll see a small parking lot. Park there and come into our office, which is located in a small trailer.

We can't wait for you to get here!
