

Glen Helen Raptor Center 2022 Report

All figures 1/1/2022-12/31/2022 unless otherwise stated

The Glen Helen Raptor Center was established in 1970. Since that time, thousands of birds and hundreds of thousands of people have passed through its doors. Your support can help the Raptor Center continue its mission for years to come.

Mission

To improve the welfare of raptors across Ohio through educating the public about birds of prey, wildlife, and conservation issues, and through the rehabilitation of injured raptors across Southwestern Ohio.
